

# Digital Innovations® CleanDr® for Blu-ray Laser Lens Cleaner

CleanDr® for Blu-ray Laser Lens Cleaner is specifically designed to safely clean Blu-ray players. The patented Zero-Clearance™ 10-Brush Cyclone Clean process removes dirt and dust build-up on the lens of the Blu-ray player that causes audio and video dropout and distortion.

- Cleaning the laser lens helps maintain the life of the Blu-ray player, as well as improves image and sound playback.
- Exclusive 10-brush Cyclone Clean™ Process removes dust, dirt, and debris.
- Patent-pending Zero-Clearance Technology™ uses a brush-and-pocket system to allow each cleaning brush to flex into a pocket without knocking the laser lens out of alignment.
- Includes essential Home Theater Calibration tools to help maintain ideal audio and visual playback settings, with on-screen and voice instructions available in English, French and Spanish.

**Includes:** CleanDr® for Blu-ray Laser Lens Cleaner, image and sound calibration tools, and storage case

Model 4190300

MSRP **\$14.99**

**Product Identification**  
Item Number: 4190300  
UPC: 6 59846 41903 5

**Packaging Dimensions**  
Height: 7.5"  
Width: 5.5"  
Depth: 0.625"  
Weight: 0.2 lbs

**Inner Carton**  
Quantity: 4  
Weight: 1 lb  
UPC: 2 06 59846 41903 7

**Master Carton**  
Quantity: 16  
Weight: 4.2 lbs  
UPC: 1 06 59846 41903 8
